AMANDA CARAVAGGIO

ENVIRONMENTAL STUDIES STUDENT

OBJECTIVE

Seeking a planning related position where I can embrace my educational skills in a work setting.

SKILLS

- Excellent communication skills (oral and written).
- Team leadership is a skill I have developed during my part-time jobs and group work.
- Researching and collecting data is a skill I have become strong in during my undergrad.
- I have developed the skills of time efficiency as well as organizational skills while balancing work and school.
- Critical and creative thinking skills.
- Analysis communities regarding development and transportation demand.

EXPERIENCE

CASHIER • COSTCO • JUNE 2017 - CURRENT

- While working at Costco I have also attended university. I have simultaneously learned to balance a 25-hour work week and full-time school.
- Successfully handle money in a professional manner.
- Led a group of two to successfully satisfy customers efficiently.

BAKERY ASSISTANT • FORTINOS • APRIL 2014 – JUNE 2017

- Developed problem-solving skills for unhappy customers.
- Successfully developed verbal communication skills.
- Weekly inventory was one of the things I had to do on a weekly basis.

EDUCATION

ENVIRONMENTAL STUDIES • JUNE 2021 • YORK UNIVERSITY

I'm majoring in Environmental Studies at and streaming in Urban and Regional Planning at York University. I've taken a wide range of courses including, Foundations of Urban and Regional Environmental: Analysis, Planning, and Design, Qualitative and Quantitative Methods, Sustainable Urbanism: Environmental Planning and Design, and Urban Ecology.

ENVIRONMENTAL STUDIES STUDENT | 1A8158182/

VOLUNTEER EXPERIENCE OR LEADERSHIP

I've been actively involved in the Bachelor of Environmental Studies Student Association at York University during the course of my degree as a CRO. I have additionally volunteered at a homeless shelter in Toronto, St Francis Table.

AREAS OF INTEREST

My areas of interest include sustainable urbanism, development, transportation planning, gentrification, urban design, land use planning, and urban ecology. During my undergrad I have established a passion for these concentrations. I have conducted research on housing, climate change, transportation issues, gentrification, urban planning in Toronto/India, sustainable development, and more!
