Responsibilities:

- Perform zoning due diligence.
- Draft pertinent sections of land use, zoning and entitlement applications.
- Ability to research complicated zoning history for specific properties.
- Assist in the evaluation of rezoning, ordinance amendments, site plans, use permits, variances and other proposals.
- Prepare reports, memorandums and other documentation including client correspondences.
- Ability to work on multiple projects (locally and nationally) simultaneously.
- Assists with other functions within the department as needed.
- Other land use tasks as needed, on a national scale for various clients.

Qualifications:

- Minimum 4 years of experience working as a land planner in the public or private sector or equivalent experience is strongly preferred.
- An undergraduate or master's degree in planning.
- Knowledge of principles and techniques of planning, zoning and land use, comprehensive planning, and of the normal stages of property development as viewed from both the public and private sectors.
- Ability to read, understand, and interpret technical written material, plans, diagrams, blueprints, specifications and grading plans.
- Has an interest in not only Arizona land use issues, but also national land use trends and multi-jurisdictional research.
- Ability to work under general direction and guidance.
